

GOLDAIR

Mechanical Kitchen Scale

OPERATING INSTRUCTIONS

For models: FKS100

OVERVIEW OF YOUR GOLDAIR DIGITAL KITCHEN SCALES

Your GOLDAIR Mechanical Kitchen Scales are designed with a sensitive measurement mechanism to ensure accurate results. The easy to read large dial reduces the chances of measurement error.

GENERAL CARE & SAFETY

Always place your scales on a hard and flat surface for an accurate and reliable result. Uneven surfaces may affect readings. Clean your scales with a damp cloth. DO NOT allow water to get inside the scales. DO NOT use chemical abrasive cleaners to clean the scales. DO NOT saturate your scales with water. Do not drop or jump on your scales. Store your scales out of direct sunlight, away from heat, flames and high humidity. Always handle the scales by the body and not the bowl.

OPERATING YOUR SCALES

1. Place the kitchen scales on a hard and flat surface.
2. With the bowl positioned in place, ensure the needle is set to zero "0". The position of the needle can be adjusted by turning the knob located at the top of the scale.
3. Place the object to be weighed in the measuring bowl, the weight will be displayed.

GOLDAIR

Your Goldair product has been inspected and tested and is guaranteed subject to the following for a period to two years from the date of purchase against defects in workmanship and materials. During this period, such defects will be rectified by repair or replacement of the product purchased. Your product contains no user serviceable components and this warranty becomes invalid if in our opinion the product has been misused, abused, incorrectly installed, tampered with, connected to an electrical supply not corresponding with the name plate specification, or subjected to power surges. The warranty does not include any labour or other associated expense that may be involved in removal or installation of the product. Normal wear and tear is expressly excluded.

If your Goldair product fails to operate satisfactorily, please return it to the retailer from whom it was purchased. To obtain a repair or replacement product under this warranty, you will need to produce satisfactory evidence of date of purchase. The completed warranty and purchase receipt must be presented with the product. The warranty should be filled out at the time of purchase. It is in your interest to make sure this is done.

If the product is to be replaced (cannot be repaired) then that replacement will be of the same or similar product or accessory excluding packaging, instruction card etc. Where a replacement product is supplied, this shall be guaranteed for the balance of the original warranty period.

Any model that is no longer available will be replaced by a model of a value and with such features as we consider appropriate in the circumstances. Goldair Ltd is not responsible for freight forwarding charges, losses or damage in transit.

If service is required after the warranty period has expired, the product should be returned to a qualified electrical technician. Service outside of the warranty period will be at your cost.

Consumers Guarantee Act (1993).

In accordance with the above act consumers are advised that: The manufacturer does not undertake that repair facilities and parts are necessarily available for this product.

If any of the provisions of the foregoing are contrary to any relevant legislation, then that provision shall be deemed to be excluded from the warranty and the rest of the provisions will continue to apply.
