Electronic Kitchen Scale

## OPERATING INSTRUCTIONS

For models: FKS310

## OVERVIEW OF YOUR GOLDAIR DIGITAL KITCHEN SCALE

Your Goldair Digital Kitchen Scales are designed with a high precision sensor system to ensure accurate results every time. The handy food safe measurement bowl saves extra cleaning up in the kitchen.

## GENERAL CARE & SAFETY

Always place your scales on a hard and flat surface for an accurate and reliable result. Uneven surfaces may affect readings. Clean your scales with a damp cloth. DO NOT allow water to get inside the scales. DO NOT use chemical abrasive cleaners to clean the scales. DO NOT saturate your scales with water, as this can damage the electronics. DO NOT store the scales in an upright position when not in use as this will drain the batteries. If the scales are not in use for a long period of time remove the batteries.

Do not drop or jump on your scales.

## OPERATING YOUR SCALE

1. Place the kitchen scale on a hard and flat surface.
2. Press the "ON/OFF" button, and wait approximately 3 seconds for the scale to reset to zero.
3. Place the object to be weighed in the measuring bowl, the weight will appear on the display.
4. Press the "ON/OFF" button when you have finished using the scale. The scales will automatically turn off if not used for approximately 1 minute.

## TARE FUNCTION

1. The Tare function can be used to weigh different ingredients into the same container or lets you use any container in conjunction with the scales.
2. When weighing different ingredients into the same container measure the first ingredient, press the "TARE" button to reset the display to zero and add the next ingredient to the container. The weight of only the second ingredient will be displayed.

## UNIT EXCHANGE (g/oz)

1. Press the "MODE" button to alternate between grams and ounces.

## OVERLOAD INDICATOR

When the scales are overloaded (3kg) the following will appear on the screen "EEEE"

Your Goldair product has been inspected and tested and is guaranteed subject to the following for a period to two years from the date of purchase against defects in workmanship and materials. During this period, such defects will be rectified by repair or replacement of the product purchased. Your product contains no user serviceable components and this warranty becomes invalid if in our opinion the product has been misused, abused, incorrectly installed, tampered with, connected to an electrical supply not corresponding with the name plate specification, or subjected to power surges. The warranty does not include any labour or other associated expense that may be involved in removal or installation of the product. Normal wear and tear is expressly excluded.

If your Goldair product fails to operate satisfactorily, please return it to the retailer from whom it was purchased. To obtain a repair or replacement product under this warranty, you will need to produce satisfactory evidence of date of purchase. The completed warranty and purchase receipt must be presented with the product. The warranty should be filled out at the time of purchase. It is in your interest to make sure this is done.

If the product is to be replaced (cannot be repaired) then that replacement will be of the same or similar product or accessory excluding packaging, instruction card etc. Where a replacement product is supplied, this shall be guaranteed for the balance of the original warranty period.

Any model that is no longer available will be replaced by a model of a value and with such features as we consider appropriate in the circumstances. Goldair Ltd is not responsible for freight forwarding charges, losses or damage in transit.

If service is required after the warranty period has expired, the product should be returned to a qualified electrical technician. Service outside of the warranty period will be at your cost.

Consumers Guarantee Act (1993).

In accordance with the above act consumers are advised that: The manufacturer does not undertake that repair facilities and parts are necessarily available for this product.

If any of the provisions of the foregoing are contrary to any relevant legislation, then that provision shall be deemed to be excluded from the warranty and the rest of the provisions will continue to apply.
